9. Brief background, history (antecedents), ~200 words	<p><b>DEPED – UP VIDEO LECTURE PROJECT</b></p> <p>The University, through the OVPAA, has been coordinating with DepEd and CHED on a program where the UP faculty can help out in training Grades 11 and 12 (Senior High School/SHS) teachers.</p> <p>Initially, the University with CHED, submitted a proposal to DepEd on a mentoring/training program by UP faculty for SHS master teachers in the public high schools which will formally begin in June 2016.</p> <p>However, in a meeting with DepEd Undersecretary Dina Ocampo and CHED Commissioner Cynthia Bautista, DepEd identified a greater need for actual subject content from UP faculty experts through <i>videolectures</i> on the courses offered to SHS.</p> <p>This <i>video project</i> is in lieu of the University's original proposal to launch a mentoring/training program for SHS teachers.</p> <p><b>SHS TEACHERS TRAINING ORGANIZED BY DEPED-NCR</b></p> <p>The University, again through the OVPAA, was requested by DepEd-NCR to help in the mass training of SHS teachers in time for the opening of school year 2016-2017.</p>

End of Term Report (Feb 2011-Feb 2017)

OVPAA In-house Programs

Dean Therese Bustos of the College of Education and the Training Coordinator, Dr. Marlene Ferido were able to put together a group of trainer faculty from the College of Education, UPIS and NISMED. Faculty from different colleges in UP Diliman were also tapped for the training.

The live-in training was scheduled to start on 27 May 2016 which was held at Eurotel in Makati City.

### 10. About the programs: max 200 words

#### A. Concept and Rationale:

As the national university, UP is embarking on this program as part of its mandate of public service. The SHS curriculum has the same course content as many of our General Education and some introductory college courses. The University has the content experts with years of course development and teaching experience.

Because of the full implementation of SHS, AY 2016-17 and 2017-18, in particular, will bring less students to the University. This is an opportune time for the faculty to engage more in research, complete/pursue their graduate degrees and involve themselves in extension work such as this program.

#### **DEPED – UP VIDEO LECTURE PROJECT**

The video lectures can be used by teachers directly in the classrooms or as supplemental learning resources. Video resource persons will lecture on the SHS subjects, namely in the:

- Core Curriculum (all students take this)
- Three Academic Strands: 1. Science, Technology, Engineering and Mathematics (STEM)  
2. Accountancy, Business and Management (ABM)  
3. Humanities and Social Sciences (HUMSS)

UP has submitted to DepEd a short list of prospective faculty names per subject (as recommended by the deans/department chairs). *DepEd has the prerogative to assign the task of being video resource person/s to the faculty from the list.*

The proposal is to allow the faculty who are involved in this video project, a maximum of three (3) units extension load for AY2016-17/2017-18. Since, the work on the video project starts before AY2016-17, details are being discussed regarding retroactive crediting.

#### **SHS TEACHERS TRAINING ORGANIZED BY DEPED-NCR**

The following were the subjects that DepEd-NCR assigned UP to conduct training on:

- Entrepreneurship
- Applied Economics
- Community Engagement, Social Participation, and Citizenship

### **DEPED – UP VIDEO LECTURE PROJECT**

- MOU between DepEd and UP was reviewed by both parties and signed by PAEP and then Secretary of Education Br. Armin Luistro.
- Initial meeting /orientation with the first batch of video resource persons was held on 21 June 2016. Video shoots were originally scheduled in July 2016 but were cancelled.
- Activities postponed indefinitely in view of CHED's efforts to review their copyright guidelines and procedures.
- As of October 2016, the project was sent back to the BAC of DepEd when the new administration assumed office according to a DepEd personnel who is coordinating the project.
